

SUMMIT
ORTHOTICS &
PROSTHETICS

Providence Patients

We are a contracted company with Providence. Unless we are told to do so by Providence, we do not collect any co-insurance or deductible from you for the service that is being provided. Providence will pay us at their allowed amount; however, if any amount is owed by you it will be collected directly by Providence. You can call Providence Home Services at 800-762-1253 (Option 8) and they can provide you with any expected amount due. We can provide you with the codes that we are billing for so that you may get an accurate amount from Providence.

Thank you for choosing Summit Orthotics and Prosthetics.
